

ORDER INSTRUCTIONS

1. Print the template of your choice. The circle should measure between 5-6". Once submitted for laser printing, the design will be scaled and the final ornament will measure ~3.5" diameter.
2. Have your child use a **black** sharpie /marker of medium thickness. Black and white digital designs are also etchable.

3. Customize!

For Option 1: Have your child hand-draw a design of their choosing.

Tip: For the laser printing, avoid drawings that are extremely complex and/or ornate.

For Option 2: If you prefer one of the pre-made designs (the snowflake or snowman options provided), your child can customize their keepsake by printing his or her own name on the template and/or any other custom words/phrases.

4. Scan and email your child's project together with the order form to bsalomon@hatboro-horsham.org
Your item will be transferred onto wood using our KVMS Makerspace Glowforge laser printer.
Shipping time is anticipated the week of November 22, in-person pick up during Glowforge Reception on November 22, at 5:30 pm at KVMS.
